**Ann.Ami** participated in Mumbai Marathon

## Presidential message

**Barry Rassin**  
**President 2018-19**

In my travels over the past year, I've visited many strong, vibrant clubs and districts that are transforming their communities. When I attend their meetings, I can feel the energy. When I meet their members, I can see they are people of action. And when I look at their communities, I can recognize the impact of their work.

I've also visited communities with Rotary clubs that were hardly more than social clubs. It shouldn't ever be that way. Fortunately, there's a simple approach that I believe can help revitalize any club.

I'd like to challenge every Rotary club to come up with at least one high-impact service project. Each club already has the potential, the resources, to make it happen. It has the power to change people's lives — completely.

It doesn't take millions of dollars. One of the most transformational projects I've been a part of involved providing a Jeep to a group of midwives in Haiti. We had asked the midwives what we could do for them, and they told us they needed a way to reach expectant mothers in a remote part of the country. We supplied a Jeep, painted it pink, and put the Rotary logo on it. Three years later, we went back to see how they were doing. They were excited by the outcomes: They told us that the mortality rate for mothers and infants in that region had dropped by 50 percent.

That's what I call transformational service.

But Jeeps don't last forever, and after eight years on the road, that vehicle was on its last legs. So we bought a pink Land Cruiser. It's still on the road, allowing the midwives to provide prenatal care to women in that remote region.

What makes a project transformational? It doesn't have to involve a lot of money, but it has to reach people and have a major impact in the community. That is the key, and that is where careful planning and thorough research come in. So do your research. Leverage your resources. Seek partnerships that can increase your impact. And then take action.

Of course, service is only part of what a strong club must offer. It must also have good speakers, provide leadership development, involve Rotaract and Interact, and bring value to its members and reasons to participate in Rotary events.

If your club is transformational and well-organized, everything else will follow. Members will be engaged, and new members will be eager to join you. Fundraising will be easier: People love to give when they see how their money is making a difference and when they know the organization is accountable. Your club will be vibrant, relevant, and alive — and it will *Be the Inspiration* to those within its ranks as well as to the community it serves

## 70<sup>th</sup> Republic Day Celebrations at SRICT

Shroff S.R. Rotary Institute of Chemical Technology celebrated 70<sup>th</sup> Republic Day with zeal and spirit on 26<sup>th</sup> January, 2019. The programme was coordinated by MSH (Mathematics, Science and Humanities) dept. The Indian tricolor was unfurled in the college at 9:30 A.M. by Honourable Chief Guest Mr. Angiras Shukla followed by the National Anthem. The guests were welcomed by the parade performed by the security guards. The main event began with the motivational speech by Vice Principal, Dr. Snehal Lokhandwala. The gamut of celebration activities consisted of poetry recitation, speech on patriotism and the sacrifices made by the brave souls of our country for the sake of our motherland brought tears to our eyes and simultaneously made our heart beat with pride for them. These were followed by brilliant solo dance, group dance and group song by our students. Prizes were distributed for 5S, Quiz Competition of Nature Club, Ankleshwar, Vivekanand Exam and Rangoli Competition. Mr. Ashok Panjwani, Vice Chairman, ARES, Honourable Chief Guest Advocate Mr. Angiras Shukla, Secretary, shared their Republic Day messages. Shukla Sir spoke eloquently about our diverse nation and the relevance of the Constitution and the Preamble. The programme came to an end with vote of thanks by Ms. Pragna Lad and distribution of sweets and refreshments.

## "Sampark Abhiyan"

Department of Environmental Science & Technology organized Parents Teacher Meeting "Sampark Abhiyan" (for 4th, 6th and 8th semester students), on 26/01/2019 i.e. Republic Day. Very good response was received from parents who present in huge number. The gathering was addressed by Dr. Snehal Lokhandwala (HOD, EST) wherein he interacted with the parents regarding academic matters, concern and achievements. Performance of individual student was discussed by concerned class teacher. 5 students from each semester were recognized with certificates for their overall performance during the previous term. It was a successful event, well appreciated by all parents and students. At the end everybody gathered in canteen for refreshment and high tea.

## Project Review

Project Review of 8th semester EST was conducted on 22nd of January, 2019 by DEST faculty. Literature survey, Experimental work and Review papers were discussed. Students performed well in the review and various suggestions were given to them

(Compiled & edited by Ms. Vinitha Vakkayil, Assistant Professor- Mathematics, Science & Humanities Department, SRICT)

## VISION STATEMENT

“ We Rotarians  
unitedly and proactively commit  
to undertake  
need based challenging projects  
as social responsibility,  
using innovative ideas  
to make eco-friendly Ankleshwar  
with sustainable growth in  
Health, Literacy and Women empowerment.”
