TREE PLANTATION ACTIVITY OF NATURE CLUB

Department of Environmental Science and Technology had organized Tree Plantation Activity on 27/12/2018.

Faculty Member: 05 Student Member: 48

The entire event was coordinated by Ms. Bhasha Mehta along with all the faculties of the department and students under the guidance of Ms. Pratibha Gautam (Coordinator Nature Club) and Dr. Snehal Lokhandwala (HOD).

Students of EST department planted approximately 100 plants at different locations in our college. Adequate measures for plant survival were undertaken and students played a significant role in that. For maintaining cleanliness of surroundings, black liner bags were used to collect waste. The event ended with refreshment for students and faculties.

DATE: 02/03/2020

TO WHOMESERVE IT MAY CONCERN

Respected Sir/Madam,

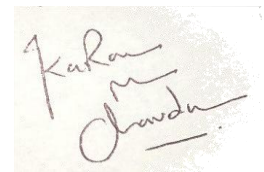

We from Kalam Center Gujarat, running two project namely Kalam library and Kalam Bharat. The following students of Shroff S.R. Rotary Institute of Chemical Technology are involved with us in these two projects since November-2018.

1. Vishal Patel
2. Saloni Patel
3. Jahnavi Patel
4. Vishal Makadiya
5. Sachin Chauhan.

They are actively taken part in formation of Kalam Library by collecting books from individuals. If any points are considered in their academic career please consider this as their letter of appointment.

Vishal Patel

President's message

Krunal J. Suthar
President 2015-16

Greetings from the Rotary E-Club of Ankleshwar Green

Let me start by saying how honoured I feel to be our club president this year. What really got me hooked on Rotary was becoming involved. Since my childhood I have been on a beneficiary side of Rotary and its projects.

The journey as a president started since long when we went for training and seminar but officially I was installed 26th June 2015. It was indeed a proud moment to be installed at the worthy hands of PDG Ashok Panjwani in presence of our club trainer past President Rtn. Angiras Shukla.

Being E club, involvement of members is a challenging task but it is all about being well connected and all our members are requested to be actively involved in our club activities. Infact being E club; we can connect to more people than we can physically. So let us all get engage, conduct meaningful projects and try new ideas which we have been doing.

Membership is very important and I hope that every member will keep on the lookout for prospective members who believe in service above self. More members give us more hearts and more hands, which should lead to more service.

Of course foundation is another area we need to focus. Our DG Parag Sheth have come up with one and the only TRF scheme i.e. *kalyan pooja thali* which is ideal to be given as gift to friends or family on any festive occasion. I request all readers to contribute and strengthen the foundation.

We have now been two years old and have started showing our glimpse through our projects and this is generating a lot of positive energy and enthusiasm. We care, we share and we do.

Still I have much to learn about Rotary, and I'm eager to soak it in. Dive in to learn more about how we are exploring technology's ability to serve the business of service.

Together we shall make miracle during the year and to be a Gift to The World. I wish all members of our Club an enjoyable and active Rotary year 2015-16

Year Gone By

Snehal R. Lokhandwala
President 2013-14 & 2014-15

I remember my elders used to say to me "if in the course of one you smile and are able to make a child, a person. Smile, you would have done a good thing. You would have given their life meaning." See how these words are coming true for me as I become a rotary member. Friends, Rotary believes in share smiles. We are eager to meet the share smile givers.

Each of us, in our own way, strive to achieve what Benjamin Disraeli called the elevation of the condition of the people. That phrase from Victoria England- splendid as it is- today sounds a little fusty, even a little patronizing. I would like to offer you a modern equivalent, "the healthy society." By that I mean society in which three complementary ideals are combined. First, it is a society in which the vast majority of men and women are encouraged, and helped, to accept responsibility for themselves and their families, and to live their lives with the maximum of independence and self-reliance. Second, it is a society where everyone feels himself a responsible member of the community in which he lives and works where he is inspired to play his part in ensuring the well-being of that community; and in particular, where he shows a practical concern for those members who- for reasons of age, handicap or other disability- cannot fend for themselves without help. And, third, the healthy society is one founded on the family. Family life is the bed rock on which the healthy society must be build. These three concepts- personal responsibility family life, and caring about, and caring for other people lie at the heart of the philosophy that I was taught as a child and which has remained with me ever since.

Crucially, the journey we have embarked on in not just about today's challenges. We have quite rightly begun to look at your own capabilities, and started to explore your own potential to contribute more fully to the good of our society. It's about a new culture of personal, social, and corporate responsibility. Rotary has taught us living, believing and implementing. I hope my club being the first e-club of this district have tried to make up with the dreams of our DG and in future also we would be serving our best

Club Board 2015-16

The board was installed on the 26th June 2015. The board is as under:

President	Rtn. Krunal Suthar
Secretary/Literacy chair/PE	Rtn. Dharmesh Patel
IPP/GKP Chair	Rtn. Snehal Lokhandwala
VP	Rtn. Pathik Shukla
Jt. Secretary	Rtn. Manisha Shukla
Treasure	Rtn. Anil Parmar
Srgt. At arms	Rtn. Purvi Naik
Bulletin editor	Rtn. Meera Patel
Website admin	Rtn. Kartik Iyer

Directors

New generation	Rtn. Maitreya Pandya
Projects	Rtn. Urvij Dave

Mentor	PDG Rtn. Ashok Panjwani
Trainer	DRCC Rtn. Angiras Shukla

Installation Ceremony

Our efforts dazzling prospect

Installation ceremony for the year 2015-16 was organized on 26th June at 06:00 pm. The event was called by order by President Dr. Snehal. Secretary Rtn. Dharmesh showcased all the major activities of 2014-15.

Rotary club members of Ankleshwar, Inner wheel members and Rotaract club members witnessed the ceremony.

President Rtn. Krunal was installed at the worthy hands of PDG Rtn. Ashok Panjwani and Rotaract President Rhishabh was installed at the worthy hands of DRCC Rtn. Angiras Shukla. DRR Bhaumik highlighted Rotaractar's role and motivated Rotaracters to be active. New members were also inducted and pinned at the hands of AG Manish Shah and AG Meera Panjwani. President Rtn. Krunal Suthar adjourned the event which was followed by dinner.

Felicitation of Blood Donors

Blood Donation camp was organized before few month where 345 units of blood was collected. To motivate and acknowledge their contribution, all the donors were felicitated with a card and small gift. It was to make them realize that their valuable donation was a gift to the world.

EYE CHECK UP CAMP

A mega eye check-up camp was jointly organized with Seva Rural for village people surrounding Vataria which is situated 18km from Ankleshwar. The camp started sharp at 09:00 am in the morning. The team of Doctor and the helping team was right on their toes from the starting time to finish. Following are the statistics and outcome of the camp:

- **Beneficiary: 200 People**
- **Spectacles made for: 88 people**
- **Cataract operation: 43 people**

CREATED LIBRARY

We might be living in a time where computers and the Internet have become the source and means of people's entertainment and knowledge, but the wonderful world of books is still alive and well. Books are the number one educational tool and children, as little as a few months old, they are fascinated by the colours and textures of a book.

We also think it plays a vital role in child development. With the help of **wisdom library**; we created class room library and donated about 400 books at Surwadi Prathmik School located in Surwadi village near Ankleshwar.

TREE PLANTATION

Since the beginning, trees have furnished us with two of life's essentials, food and oxygen. Besides these there are lot of benefits of trees. Basically trees are an important part of every community.

Tree plantation is a continuous event for us but as a monthly service project; we planted saplings at different venues. Rotaract club members planted about 50 saplings at Bharuch. On 25th July, we had tree plantation at Surwadi Prathmik School.

In future as well we would continue planting and growing trees

Note Book Distribution

Note books were made from the unused pages of engineering student's notes. The project sponsored by SRICT would be one of our permanent project under 5S with a theme 'waste out of best'. Dr. Purvi Naik was the event chair.

RECA AAVID: Adult literacy programme

Recognizing the enormity of the task of implementing T-E-A-C-H, a strategy of meaningful cooperation of adult basic education program is planned with all actors in the field (academician), by forging strong partnerships with SRICT, Vataria. Under RECA Aavid program we are providing basic essential knowledge to housekeeping staff working at college. Learning session covering various modules takes place on every Thursday for one hour.

The modules would cover moral values, health and hygiene, maths in day to day life, communication skills, banking, accounting, legal awareness, computer knowledge, conservation of environment at village and many more.

DG's visit

DG Parag Sheth started his OCV on 28th July'15 with one of the prominent club of our district and our parent club i.e. RC Ankleshwar. We were fortunate to welcome him at SRICT and talk about our future plans. ARES secretary PP Angiras Ahukla welcomed him along with Principal Prof. Shrikant J. Wagh.

CLUB ASSEMBLY

Club assemblies are considered to be one of the very important event. Our Assistant Governor Rtn. Nishant Ramani came especially from Vadodara to attend our club assembly on 28th July'15. Our club board, directors and Rotaract club members attended the assembly.

The ongoing officers and committee presented their respective programmes to the AG. Assembly started by observing a minute silence in memories of our past President of India Dr. APJ Abdul Kalam. President of the club Rtn. Presented the projects carried our till date. Rtn. Maitreya Pandya was pinned at the hands of AG followed by Rotaract club president's presentation.

IPP Rtn. Snehal pointed out few technical hurdles faced by our club and has a detailed discussion over it. A video message from our club VP was played on the occasion. Rtn. Manisha Shukla proposed vote of thanks and the meeting was adjourned which was followed by refreshment

Vice president Rtn. Pathik Shukla's message

SECRETARY'S ANNOUNCEMENT

Warm Birthday wishes

- Rtn. Pratibha Gautam: 19th July
- Rtn. Krunal Suthar: 02nd August
- Rtn. Kajal Sabhnani: 02nd August
- Rtn. Meera Patel: 05th August

Best Wishes

EDITOR'S COLUMN

Bulletins are the mouthpiece of club's activity and I thank the board for giving an opportunity to share with you all the important events and Projects of our club, District and Rotary International for the coming year.

It would be a proud moment that our first special edition of 2015-16 would be opened at the hands of very eminent Editorial Consultant **Rasheeda Bhagat**. We also had a privilege of meeting our DG Parag Sheth and AG Nishant Ramani on the same day. I wish the President and his team a very successful year 2015-16.

We would really appreciate readers *feedback* and also if you can share information about events and interesting facts about Rotary to be included in the monthly Bulletin.

Happy Reading and do write us back.

Your comments and suggestions matter a lot.

Rtn. Meera Patel

Glimpse over last year's club projects

Report- Solid waste management

Solid waste management is one of the major environmental issues these days, the condition becomes even worse when no proper system exists to take care of these wastes in villages. Shroff S R Rotary Institute of Technology (SRIT) with the support of Rotary Club of Ankleshwar and Bharuch Enviro Infrastructure Ltd (BEIL) took initiative to manage the solid waste (kitchen waste specifically) at Jitali Village. The whole project is sponsored by Bharuch Enviro Infrastructure Ltd (BEIL) and coordinated by Ms. Pratibha Gautam with major objective to manage the kitchen waste generating in the “Village Jitali” in a sustainable way and to convert it into compost through bacterial decomposition.

One of the villager, Mr. Firoj Hasan Solanki from Navi Nagari area shared his experience and told “Earlier we had no idea or sense of source segregation but now, not only we are practicing it but also we are training our children to do so and also telling its benefits to our relatives in other villages so that they can also enjoy the atmosphere of a clean village”. Another villager Ms. Ammar Goman from Tekri Faliyu also thankfully recognized the effort done by Rotary Club of Ankleshwar and mentioned “we feel so happy and proud that we are actively involved in “Swatch Bharat Mission” started by our Prime minister and Rotary club has helped us a lot in establishing this system of solid waste management in our village. When we see that the waste which we produce is being converted into compost in a hygienic manner, it gives us a feel of responsible citizen”.

Mr. Firoi Hasan Solanki

The Talati of this village, explained the transformation of this village which he has witnessed in a span of one year, he told “ In last 2-3 years, I have noticed a drastic increment in the aesthetic value of this village. I want to thank Rotary club of Ankleshwar for their effort to bring awareness about source segregation among people of this village, providing dustbins to individual house and

guiding them to process the kitchen waste into valuable compost which can now be used for gardening purpose”

Today, with the active involvement of all the villagers, all the kitchen waste of this village is being collected and processed in rich manure which is further used for vegetable farming by the villagers.

Figure: Vegetable farming with the help of compost made from kitchen waste
